EXAMPLE OF WEATHERING

DISCLAIMER

Kebony Character products should not be further machined or split as untreated heartwood will be exposed. Kebony Character products can be cross-cut to length. Exposed end grain after cross-cutting must be treated with a wood preservative.

Kebony products will change in appearance when exposed to rain and sun. Color changes and surface cracks will occur due to natural weathering. Kebony cannot be held liable for any such variations in colour and surface appearance. This will not influence durability and overall performance of the product.

Up to 5% of the delivered boards may be outside this specification.

Kebony is continuously working on product development. Information in this datasheet may be changed without further notice.

Kebony Character products contain knots and untreated heartwood. The amount of heartwood will vary from board to board.
